Advantages of Paper Pallets

- ❖ 100% recyclable – easy to dispose
- ❖ 65 – 75% lighter than wood pallets
- ❖ Strong – can handle loads up to 2 tons
- ❖ Safe – no nails or splinters, easy to handle
- ❖ No pest treatments required
- ❖ ISPM15 compliant – ideal for global exporting, container shipping and air freight
- ❖ Replaces wood, plastic and other pallets- competitive price and performance
- ❖ Custom sizes and designs are available nationwide

Many other Pallets available! Customize to maximize utilization of your truck – order pallets that match your dimensional & capacity requirements or build your own by using our pallet components.
